Bethany Lutheran College is a dynamic, growing institution that offers a values-based Christian education that aims to produce well-educated and spiritually grounded students. Our graduates are prepared to be leaders in their chosen vocations and in their communities and churches. Bethany has an outstanding faculty that focuses solely on the undergraduate student. Whether it is an academic, personal, or spiritual concern, the Bethany faculty is committed to educating the whole student.

Bethany is located in Mankato, Minnesota, a community of approximately 35,000 residents. The College enrolls approximately 600 students, some 450 of whom live on campus in College-owned residence halls and apartments. The remainder live off campus in the community. Bethany Lutheran College employs about 175 non-student employees as members of the faculty, staff, and administration.

In accordance with the Higher Education Act of 1965 and The Jeanne Clery Disclosure of Campus Security Services Policy and Campus Crime Statistics Act, Bethany Lutheran College provides the information and statistics given below to College students and employees and to others upon request. This report was developed in cooperation with Campus Security Services, Student Services, and Human Resources.

Questions or concerns about any of the policies or procedures outlined in this report may be directed to the Director of Facilities (507-344-7889) or to the Dean of Students (507-344-7745).

SECURITY

Campus Security Services Office

The office of Campus Security Services is housed in 115 Old Main. In addition to having an on-duty security officer during the day, Bethany Lutheran College has contracted with Securitas, Inc., to provide evening, night, and weekend security coverage throughout the year.

Campus Security Services focuses on the protection and safety of persons and property on campus by patrolling buildings and grounds, issuing security alerts, providing escort services, conducting daily security checks, and reporting safety hazards and repairs. Campus Security Services also responds to campus incidents and calls for assistance and enforces the College's policies and regulations, including parking.

Campus Security Services officers work closely with city police and other officials who are called to campus to assist with emergencies, to investigate crimes, and to apprehend those involved in criminal activity. It is the policy of Bethany Lutheran College to report all Part I and Part II crimes (as defined by the FBI Uniform Crime Reporting systems) and known violators of state or federal laws to appropriate law enforcement authorities. Violations of College polices are handled according to the policies and processes outlined in the student guidebook and employee handbooks.
Campus Security Authority
Campus Security Authorities are responsible for reporting allegations of Clery Act crimes that have been brought to their attention and that they conclude were made in good faith. Alleged crimes should be reported regardless of whether the victim chooses to file a report with law enforcement or to press charges.

Campus Safety and Security General Information

The cooperation and involvement of students and employees in their own safety and security is essential. Members of the campus community must assume responsibility for their personal safety and the security of their belongings by taking simple, common sense precautions:

- Security measures—such as alarms, door locks, or key access systems—should never be over-ridden or circumvented.
- Bicycles should be secured with effective locks.
- Students and employees must park in designated areas, and should keep their valuables secured in the trunk.
- Suspicious-looking individuals or unusual incidents on campus should be reported immediately to Campus Security Services, members of the College staff, or to the Mankato Department of Public Safety (911; 9-911 from on-campus telephones).

Student and employees are also instructed to:

- Call the police (911) when there is a medical emergency, fire, or some other emergency or situation they believe requires police or medical assistance. Also, call Campus Security Services (888) as well to assist emergency personnel before and after their arrival and for documentation.
- Lock office and residence hall doors to remove any temptation and opportunity for theft. When possible, store valuables in residence halls apartments or offices; otherwise, place valuables in the trunk of a vehicle or out of sight.
• Carry College IDs at all times to provide identification when requested by Campus Security Services or College staff.

Bethany Lutheran College is a private educational institution owned by the Evangelical Lutheran Synod (ELS); therefore, the campus, facilities, and other holdings are private property. All individuals on our campus must abide by College regulations. Non-compliance may result in being asked to leave the campus. Bethany will exercise its right to ban non-compliant, disruptive individuals from the campus, with assistance from the Mankato Department of Public Safety as needed.

Residence Halls Security

Student housing at Bethany is provided in three residence halls (two for men; one for women), two apartment buildings (women only), and satellite housing units as needed.

The residence halls are staffed by resident managers (RMs) and resident assistants (RAs). Resident assistants, who are juniors or seniors, assist students and maintain order and safety. The managers guide, comfort, listen to, and otherwise support the Resident Assistants and students. Both the RMs and RAs function to promote a Christian atmosphere in the residence halls and on the campus in general. They help students attain their highest potential, academically, socially, and spiritually. Students are encouraged to seek out their help whenever necessary. The resident staff is also responsible for enforcing College policies and regulations.

Bethany Campus Security Services patrols each campus building on a regular basis. Procedures are in place in the Campus Security Services office to address security issues that arise.

Residence halls and apartment buildings are locked 24 hours a day for resident safety. Door alarms and surveillance cameras are also in place. Students are required to carry their assigned access FOBs to enter the building at any hour. Students are advised to be careful when passing through security doors so that strangers are not allowed to enter.

Visitors are allowed in the residence halls and apartment buildings as follows:

- Monday – Thursday: 7-11 p.m.
- Friday: 7 p.m.-midnight
- Saturday: 1 p.m.-midnight
- Sunday: 1-11 p.m.

All visitors or delivery personnel must be met in the lobby entrances by the person they are visiting. Telephones are available in the entryways for guests to contact residents upon their arrival; however, student directories are intentionally not posted in common areas. In addition, Bethany Campus Security Services does not give out student directory information at any time.

Off-Campus Housing Facilities Security

Bethany Lutheran College does not provide security services to off-campus housing facilities. However, Bethany Campus Security Services does provide assistance with reporting criminal activity on the public streets adjacent to College property. All criminal activity that occurs off-campus falls under the jurisdiction of local law enforcement.

Campus Facilities Access

During normal business hours, College facilities (excluding residence halls and apartments) are open to students, parents, employees, contractors, guests, and invitees. The exterior doors of public buildings are locked at 9 p.m. During non-business hours, College facility access is by key or FOB or by admittance by Campus Security Services or residential life staff in the case of residence halls. Students are not granted access to secure areas (offices, storerooms, etc.) during non-business hours.

The Sports and Fitness Center, Memorial Library, Trinity Chapel, Ylisaker Fine Arts Center, Honsey Hall, Meyer Hall, and Tweit Hall may have hours that vary at different times of the year. In these cases, the facilities are secured according to schedules developed by the department responsible for the facility.

Security considerations: Because of the College’s size and location, a formal policy for identification and admission of visitors has not been necessary. However, Campus Security Services and College employees have the authority to ask persons for identification while on Bethany property and to determine whether they have lawful business at the College. All crime victims and witnesses are strongly encouraged to report the crime immediately to Campus Security Services and the appropriate police agency. Prompt reporting assures timely warning notices on-campus and timely disclosure of crime statistics.

Campus Security Services officers are non-sworn personnel who are trained to perform their assigned duties. Officers have the authority to ask individuals for identification and to determine whether they have lawful business at the College. Criminal incidents are referred to the Mankato Department of Public Safety which has full jurisdiction on Bethany’s campus. Campus Security Services maintains a highly professional working relationship with the Mankato Department of Public Safety.

Campus Security Services officers have the authority to issue parking tickets to students, faculty, staff, and visitors.

Vehicle Assistance

Campus Security Services officers are trained and equipped with vehicle lock-out tools. They will be able to unlock most cars. There is no charge for this service. Owners of the vehicles assume responsibility for any possible damage.

Campus Security Services officers can also provide a jump-start for vehicle battery. This is a free service but, again, owners assume responsibility for any damage. Bethany Campus Security Services offers these services on-campus, not city-wide.
Facilities and Grounds Safety

Bethany Campus Security Services and Building Monitors monitor the campus for irregularities (locks and alarms) and needed repairs of maintenance in facilities, grounds, and lighting.

Support for On-Campus College-Sponsored Events

Campus Security Services provides parking and traffic control services for on-campus College-sponsored events and handles emergency situations that may arise. The College also contracts officers from the Mankato Department of Public Safety for special events as needed.

Campus Community Notification of Threats (timely warnings)

In the event that a situation arises, either on- or off-campus, that the Director of Facilities or his designee views as an on-going or continuing threat, Campus Security Services will issue timely security alerts or warnings through campus e-mail announcements, Daily Bulletin, campus mailboxes, postings around campus, Security Services website (http://www.blc.edu/security), on-campus emergency notification system, digital displays, or other appropriate means.

Missing Person Notification

Bethany Lutheran College is committed to providing a safe environment in which students can live and pursue their academic studies. In keeping with the Higher Education Opportunity Act, Bethany Lutheran College has implemented the procedure given below to be used when notice must be given that a student living on campus is missing.

Providing missing person contact information
Students can provide confidential contact information for a “missing person” contact who will be notified by the College in the event the student is officially reported as missing or for other emergencies. This information should be given to the Registrar’s Office: 229 Old Main, 344-7309; maryjo.starkson@blc.edu or linda.smith@blc.edu. Students are responsible for making sure that the contact information is current.

Residential Life staff must notify Campus Security Services immediately after they learn of a report of a missing person. They must also complete and file a Residential Life incident report.

Campus Security Services will notify the Director of Facilities (or his designee) immediately after they take a report of a missing person. A security incident report must be completed and filed before the completion of the officer’s shift. Campus Security Services will also file a report with the Mankato Police within 24 hours of when the student is determined missing.

The Director of Facilities (or his designee) will notify the Dean of Student Services or the Vice President for Student Affairs of the missing person report.

Confirming missing person report
Bethany officials may use any of the following sources of information to determine whether, when, or why a person may have gone missing:
- Roommate(s) of missing person
- Friends (if known) of missing person
- Resident Manager where the missing person resides
- Resident Assistant assigned to where the missing person resides
- Professors/Advisor (attendance)
- Food Service meal plan use
- Library material use
- IT records “log in” on Bethany account of missing person
- Controlled Access Software (assigned fob use of missing person)
- Coordinator of Student Counseling (when authorized)
- Employee work timecard records
- Supervisors
- Parking enforcement software (citation history on a missing persons registered vehicle with the College)
- Security cameras
- Assigned Bethany cell phone records
Notifying missing person contact
When it has been determined that a missing person report has been filed and that the student has been missing for more than 24 hours, Campus Security Services and the Dean of Student Services will work together to notify the following individuals within 24 hours of the determination:

- Notify the “missing person” individual identified by the student to be contacted.
- If the student is under 18 years old, notify the “missing person” individual identified by the student to be contacted in this circumstance and a parent or guardian on record with the College.
- In cases where the student is over 18 and has not identified a person to be contacted, file a report with the Mankato Police Department.

Awareness and Crime Prevention Programs
A common theme of all awareness and crime prevention programs is to encourage students and employees to be aware of their responsibility for their personal security and the security of others.

Guest Speakers
The College may invite guest speakers to campus to speak on various issues related to crime awareness and prevention.

Security Awareness Programs
During fall semester orientation, students are told about services offered by the Campus Security Services Department. A presentation by the Director of Facilities outlines ways to maintain personal safety and residence hall security. Students are told where to obtain security information on-campus. Similar information is given to new employees during orientation. This information also included in the Student Guidebook and Faculty and Administrative and Staff Handbooks.

Crime Prevention Programs
Crime prevention and sexual assault prevention information is offered on a continual basis by Campus Security Services and Student Services. Crime prevention tips and measures are also included in the Student Guidebook and Faculty and Administrative and Staff Handbooks.

Campus Escort Service
Campus Security Services provides students, employees, and visitors with an escort to and from any location on campus outside of business hours. Escorts may be requested by phoning extension 888 (507-344-7888).

Security Lockers
Lockers designed for the temporary security of personal belongings are located in the lower level of Old Main and in the locker rooms in the Sports and Fitness Center. Individuals who use these lockers must provide their own locks. The lockers are cleared out and locks are removed at the end of each semester in Old Main and at the end of the academic year in the Sports and Fitness Center.
Emergency Phones
Emergency phones are located in the student parking lots; on the second floor of the glass entry of Anderson Hall; inside the glass entry of Teigen Hall, Gullixson Hall, Edgewood Place; and outside the upper entrance to Larson Hall. Dial 888 (507-344-7888) for Campus Security or 911 (9-911 from campus telephones) for police and fire. Additional phones are available at all building monitor locations on campus.

Lost and Found
Found items are typically turned in to the building managers who then send the items to the Information Secretary in Old Main. Campus Security stores items for the duration of the academic year and then disposes of them through recycling, donation to thrift store, or however the College sees fit.

Theft
Students and employees are asked to keep their vehicles locked at all times and to remove any valuables. Most car prowlers look for vehicles with valuables in plain sight and, within a matter of seconds, smash a window, grab items, and leave.

Common items taken from vehicles include purses, checkbooks, stereo equipment, cash, athletic equipment, sunglasses, CDs, tools, backpacks, etc. Safeguard valuables by keep them in residence hall rooms/apartments or employee offices. At a minimum, stow personal items out of sight in the trunk or under seats.

Report all crimes immediately to Campus Security Services (507-344-7888).

Consider marking valuables and keeping track of make, model, serial number, and value of equipment. Recovered stolen property is then traceable to the owner and gives police the ability to enter stolen property in the computer to later charge suspects with possession of stolen property. Bethany Lutheran College is not responsible for stolen items or damage to vehicles.

Drug-Free Schools Act

Standards for the Bethany Community
Webster describes community as “a group of people living together as a smaller social unit within a larger one, and having interests, work, etc. in common”—a college community. Individuals living in such a community bear responsibility for their behavior as it affects not only themselves, but other individuals as well as the community as a whole. Standards and policies are implemented to safeguard the satisfaction and well being of the individual as well as the entire community. In the Bethany community, those standards and policies are formulated under the following guidelines:

• Federal, state, and local laws
• College rules and regulations as stated in the employee and student handbooks
• The answer given by Christ himself when asked for the greatest commandment:

  "Love the Lord your God with all your heart and with all your soul and with all your mind. This is the first and greatest commandment. And the second is like it: Love your neighbor as yourself. All the Law and the Prophets hang on these two commandments." (Matthew 22:37-40)
Bethany Lutheran College
Annual Security and Fire Safety Report
September 2014

While a strict adherence to numbers one and two above would ensure order, the overriding guide in the Bethany community is the third, the law of love as expressed in the Scriptures. This standard, admittedly of the highest degree, is set toward achieving the goal of creating an optimal learning and living environment for the Bethany student while equipping him/her for a life of love and service to the larger community.

In any instance, Bethany students will be expected to evaluate their actions and decisions in the light of such questions as: Does this glorify God and/or benefit my neighbor? Are my actions in accord with God's loving will as revealed in the Holy Scriptures? Has this or will this harm myself, another individual, or the community as a whole?

Drugs and Alcohol
Violations of Bethany Lutheran College’s standards of conduct concerning drugs and alcohol include:

- Possession, use, or being in the presence of alcohol on-campus by any student.
- Illegal use, possession, distribution, or sale of alcohol off campus by any student.
- Intoxication of any student on- or off-campus.
- Illegal use, possession, or distribution of drugs on- or off-campus or being in the presence of such use, possession, or distribution.

Bethany will impose sanctions on a student (consistent with local, state, and federal law), up to and including expulsion and referral for prosecution for violations of the standards of conduct. A student may also be required to attend a drug and alcohol treatment program and/or to seek special counseling at the student’s expense if it is determined that the student has a dependency or abuse problem. Such a program or counseling may be required as a condition for continued enrollment.

Information will annually be distributed that includes the following:

- Health risks associated with the use of illicit drugs and the abuse of alcohol.
- Applicable legal sanctions under state and federal law for unlawful possession, use, or distribution of illicit drugs and alcohol.
- Drug or alcohol counseling, treatment, or rehabilitation or re-entry programs that are available to students.

Several community facilities, programs, or counselors can provide drug and alcohol counseling, assessment, treatment and/or rehabilitation programs:

Severe Weather/Tornado Preparedness

Before a Tornado

Be familiar with the weather service alert and siren system; the city of Mankato conducts a “test” of its emergency broadcast system the first Wednesday of every month at 1 p.m.

If a warning is issued or if threatening weather approaches, students and employees should move to a designated shelter (listed below) or an interior room or hallway on the lowest level and away from windows.

- Edgewood Place - basement
- Gullixson Hall – basement
- Honsey Hall – tunnel, lower level restrooms and classrooms, posted hallway
- Memorial Library - tunnel, lower level interior halls
- Meyer Hall - tunnel, computer labs on lower level
- Old Main/Anderson Hall/Luther Hall - Chapel tunnel, first floor restrooms by the Viking Village, base of steps by the Viking Village
- Presidents Hall - basement
- Sports & Fitness Center - north gym locker rooms, first floor restrooms
- Teigen Hall - first floor interior hall and restrooms; laundry room
- Trinity Chapel - tunnels, lower level restrooms and classrooms
- Tweit Hall - restrooms, additional space in Gullixson Hall basement if necessary
- YFAC - first floor restrooms, basement (NOT in the theater!)

September 2014
During a Tornado
- Proceed to the designated shelters, if possible.
- Seek safety in an underground basement or in an interior part of the lowest level (closets, bathrooms, hallways). Get under something sturdy.
- If in a multi-level building, go to an interior hallway on the lowest floor possible. Remain away from outside walls. Assume a crouched position with arms over your head.
- Stay away from windows, particularly on the windward side, and avoid shelter in large rooms with large, unsupported roof spans.
- If outside in an automobile, do not try to out race a tornado. Drive at right angles away from the tornado’s path. If there isn’t time or if you are on foot, take cover and lie flat in the nearest depression such as a ditch, culvert, excavation or ravine.

After a Tornado
- Wear sturdy shoes to protect your feet from possible broken glass.
- Check for injuries. Apply first aid. Do not attempt to move anyone seriously injured.
- Check for fire.
- Check utilities for damage and evacuate the building if a gas leak is present. Do not light matches or turn on electricity until you are certain there are no gas leaks.
- Avoid downed power lines.
- Check for structural damage; clear blocked exits.
- Check radio and phones and monitor official broadcasts. Do not use the phone except for emergencies.
- Use extreme caution when close to masonry structures.
- Do not call the security, police, or fire departments except in the case of an emergency (fire, severe injury or a gas leak). A delay in response time may be expected.
- Telephone a designated out-of-state person who can call other family members and friends to advise of your location and condition.

Emergency Preparedness Plan and Response Guide

Bethany Lutheran College is committed to supporting the welfare of its students, faculty, staff, and visitors. The Emergency Preparedness Plan is fashioned in accordance with appropriate laws, regulations, and policies, and reflects the best and most current thinking in this area.

The Emergency Response Guide is designed to maximize human survival and preservation of property, minimize danger, restore normal operations of the College, and assure responsive communications with the community, surrounding neighborhoods, the City of Mankato, and Blue Earth County. The Guide is intended to be sufficiently flexible to accommodate contingencies of all types, magnitudes, and duration.

The College reviews and tests the plan and guide on annual basis, revising the processes where needed.

Copies of the Emergency Response Guide can be obtained from the Campus Security Services office by calling 507-344-7000.

**Crimes must be reported to the Campus Security Services Department** to ensure inclusion in the annual crime statistics and to aid in providing timely warning notices to the community, when appropriate.

**Confidential Reporting:** Bethany Lutheran College does not have procedures for voluntary, confidential reporting of crime statistics. Violations of the law will be referred to law enforcement agencies and, when appropriate, to the Dean of Student Services or other senior administrators for review. All reports made to the Dean or other senior administrators will be investigated. Pastoral counselors and the Coordinator of Student Counseling are not required to report crimes for inclusion in the annual disclosure of crime statistics. They are encouraged, however, to tell individuals being counseled about the procedures to report crimes on a voluntary basis for inclusion into the annual crime statistics.

**Crime Statistics**

Crime statistics for the three previous calendar years are published annually on the United States Department of Education, Office of Post Secondary Education webpage (http://ope.ed.gov/security; OPE ID#: 00233700).

These statistics follow the uniform crime reporting procedures of the Federal Bureau of Investigation. They should be considered in relation to the occurrences of crime in society in general and to college demographics and statistics from other institutions of similar description. Crime statistics for the most recent three-year period are compiled from information obtained from the Campus Security Services office, Mankato Department of Public Safety, and Dean of Student Services office. The Campus Security Services office is responsible for the sorting, tabulation, and dissemination of Campus Security Services Act Incidents information.

Crime incidents are broken down into four geographic locations for reporting purposes:

- Property within the same reasonably contiguous geographic area of the institution that is owned by the institution but is controlled by another person, is used by students, and supports institutional purposes (such as food or other retail vendor).

**Dormitories or other student residences**
A subset of “on campus” crimes which includes only those crimes that were reported to have occurred in dormitories or other residential facilities for students on campus.
Non-campus buildings or property
Any building or property owned or controlled by a student organization recognized by the institution and any building or property (other than a branch campus) owned or controlled by an institution of higher education that is used in direct support of, or in relation to, the institution's educational purposes, is used by students, and is not within the same reasonably contiguous geographic area of the institution.

Public property
All public property that is within the same reasonably contiguous geographic area of the institution, such as a sidewalk, a street, other thoroughfare, or parking facility, and is adjacent to a facility owned or controlled by the institution, if the facility is used in direct support of or in a manner related to the institution's educational purposes.

The crime statistics include the following types of crime as taken from the Federal Bureau of Investigation Uniform Crime Report (UCR) Handbook:

- Aggravated assault
- Arson
- Burglary
- Drug abuse violations
- Hate crime
- Liquor law violations
- Motor vehicle theft
- Criminal homicide
  - Murder and non-negligent manslaughter
  - Negligent manslaughter

  - Forcible rape
  - Forcible sodomy
  - Sexual assault with an object
  - Forcible fondling

Additional information regarding these statistics is available from the Campus Security Services office, 700 Luther Drive, Mankato, MN 56001.

The campus nurse refers students to Mankato Clinic Express, located in the River Hills Mall near the Target department store wing. The Express performs lab work, prescribes medication, and diagnoses minor illnesses. Hours of operation are Monday through Saturday, 10 a.m. to 9 p.m., and Sunday, 11 a.m. to 6 p.m.; 507-389-8536. Insurance is accepted, and office visits as well as lab work are discounted.

Student Health Services also has a board-certified physician at the Mankato Clinic who serves as its consultant. The physician and his staff are available to assist with student health needs as deemed necessary by the campus nurse.

In addition, residential life staff are trained in CPR and first aid. All residential life staff have access to first aid kits in each residence hall. There is also a first aid kit by the Information Secretary in the Main Office.

FIRE SAFETY

Education and Training
All Residential Life staff receive annual fire safety training at the beginning of each academic school year. In addition, emergency and evacuation procedures are reviewed with the occupants of each respective residence hall at the beginning of each semester. Each resident is given a copy of the Residence Halls Safety and Security Brochure, which includes information on fire safety and appropriate actions to take during a fire alarm or fire emergency.

Fire Drills
Fire drills are conducted a minimum of two times a year in all residential halls. Additional drills may be added based upon scheduled summer events involving long-term, overnight guests. For the 2011 calendar year, a total of 5 fire drills was conducted.

Policy Governing Appliances, etc.
Students living on campus must abide by the following rules:
• Only one refrigerator per room (3 cubic feet or less and rated no more than 2.5 amps)
• Electrical appliances not allowed: microwaves*, hot plates, space heaters, halogen lamps, popcorn poppers, toasters*, toaster ovens, grills including the George Foreman type*, bread makers*, and air conditioners (*permitted in Edgewood Place apartments)
• Electrical appliances allowed: radios, stereos, lamps, TVs, and computers
• Flammable materials, such as tapestries and parachutes, may not be hung from the ceiling
• Burning of candles, incense, etc. are prohibited
• Natural Christmas trees and trimmings are prohibited; only fire-proof Christmas decorations and U.L. listed fire-retardant Christmas tree lights may be used
• Only U.L. approved outlet strips with a circuit breaker are allowed as multiple outlets

Safety Inspections
There will be periodic inspections of all student rooms to ensure that the rooms are in accord with local health and fire regulations and school policies. These inspections will not necessarily be announced. A room inspection will not involve the search of a student's personal property.

Fire Safety System
Residential halls (Anderson Hall, Edgewood Place, Gullixson Hall, Larson Hall and Teigen Hall) are completely covered by an integrated automatic sprinkler and fire alarm system which is monitored 24 hours per day, 7 days per week.

Report a Fire
1. Call 911 and Campus Security Services at 888 (507-344-7888); give name, address, location, and extent of the fire. Resident and apartment managers should notify Campus
Bethany Lutheran College
Annual Security and Fire Safety Report

Security Services of fires that are reported to them.

2. Calmly alert people in the building and evacuate by following the EXIT signs. DO NOT USE THE ELEVATORS.

3. Remain outside the building at a safe distance.

4. Meet Campus Security Services or fire personnel upon arrival to direct them to the fire. Inform Campus Security Services and fire personnel of any special chemicals, biological, or radiological hazards involved.

5. **Evacuation Procedures**
   
   Floor maps are displayed on every floor of every building on campus. These floor maps provide information regarding the location of evacuation routes (exits), fire pull stations, fire extinguishers, severe weather shelter areas, nearest AED (Automated Emergency Defibrillator), and courtesy phones.

   Students and employees are to leave their buildings immediately by the nearest safe exit when an alarm sounds or if they are instructed to do so by a college representative. Additional evacuation instructions may be given through the Emergency Notification System (ENS) and (for students) by residential life staff as described next.

   Resident Managers and Resident Assistants are expected to use the following evacuation instructions:

   1. In a fire drill situation:
      a. Announce "Fire Alarm – everyone out."
      b. Notice who came out of their rooms and who did not.
      c. Knock on their doors and announce "Fire Alarm - everyone out."
      d. Resident managers and assistants may key the rooms to ensure compliance.
      e. Note any students with special needs (e.g., hearing impairments, etc.).
      f. Note any violators and report them to the Resident Manager.

   2. In a fire situation:
      a. Direct all students to the nearest exit and toward the designated meeting area for the buildings as listed below.
      b. Look and smell for smoke; feel closed doors for heat before opening them.
      c. Close windows and doors upon leaving, if able to do so safely.
      d. Communicate with other residential staff to coordinate efforts.

   3. Residents may return to the building only after the Student Services representative has given the "all-clear."

More Information

College officials are happy to discuss any questions or concerns that you may have about safety and security at Bethany Lutheran College. Please contact Juel Merseth, Director of Facilities; 507-344-7889; jmerseth2@blc.edu.
INTRODUCTION
Bethany Lutheran College does not discriminate on the basis of sex, color, religion, age, national origin, marital status, familial status, pregnancy, citizenship, creed, genetic information, disability, veteran status, status with regard to public assistance, membership in a local human rights commission, or other categories protected by law, in the administration of its educational policies, admissions policies, financial aid programs, and other school-administered programs.

In addition, in order to provide equal opportunity and advancement opportunities to all individuals, Bethany bases its employment decisions on merit, qualifications, and abilities and does not discriminate in employment opportunities or practices on the basis of these categories, except where allowed by Bethany’s status as a religious institution.

Bethany Lutheran College is committed to maintaining high standards of respect and civility, including a working and learning environment that is free of sex discrimination, which includes sexual harassment and sexual misconduct (rape, acquaintance rape, domestic violence, dating violence, sexual violence, or stalking).

Sexual misconduct in all its forms is contrary to God’s moral law, subverts the educational mission of the College, undermines the sense of community, and interferes with the social and spiritual development of employees and students. Sexual misconduct is also unlawful and will not be tolerated by Bethany Lutheran College.

Individuals (employees or students) who violate this policy by committing acts of sexual misconduct against others are guilty of gross misconduct and are subject to disciplinary action or sanctions in accordance with the Employee Handbook or Student Guidebook.

The College will assist any employee or student who believes that he or she has experienced or witnessed sexual assault, as noted under Assistance Following an Incident of Sexual Misconduct page 8). The College will also take steps to eliminate potential sexual misconduct, prevent its recurrence, and correct its effects on complainants and others.

The Human Resources and Student Services offices will undertake educational efforts to inform employees and students of their responsibilities regarding such behavior, as well as how to identify and eliminate potential sexual violence, and what steps can be taken if instances of sexual assault are experienced.

The College also has a policy against harassment, which includes sexual harassment. All members of the Bethany community should read and be familiar with the policy against harassment. If a person is not sure whether she/he has been sexually harassed or sexually assaulted, or both, contact Security Services (507-344-7888) or the Title IX Coordinator (507-344-7840).

The sexual misconduct policy will be reviewed, evaluated, and updated annually, or when circumstances dictate such action.
SCOPE OF THE POLICY
The sexual misconduct policy applies to all employees, student employees, and students in both on- and off-campus College-sponsored programs and activities, as well as to third parties.

The College will respond to and investigate all forms of sexual misconduct in the context of the College’s education programs and activities. The College will respect the confidentiality of the complainant and the alleged respondent(s) as much as possible, consistent with the College’s legal obligations. Employees and students who wish to report or discuss sexual misconduct incidents should be aware that employees on campus have different reporting responsibilities and different abilities to maintain confidentiality or privacy, depending on their roles at the College. See Confidentiality (page 10) for additional information.

The College will not tolerate any form of retaliation, either on-campus or off-campus, by any employee or student against any employee or student who reports an incident of sexual misconduct or who provides information during an investigation. Employees or students who engage in retaliatory behavior are subject to discipline, up to and including termination of employment or expulsion from the College. Employees and students who feel they are being retaliated against should immediately contact the Title IX Coordinator (507-344-7840).

DEFINITIONS
Adjudicator (decision maker) is the person who reviews the report of findings following an investigation, determines whether there is preponderance of evidence (more likely than not…) to decide whether the College’s sexual misconduct policy was violated and who assigns sanctions in keeping with the Student Guidebook or Employee Handbook.

Complainant is the person who is the target of an act of sexual misconduct and who registers a complaint with the College about the incident.

Confidentiality refers to not sharing personally identifying information with others.

Consent is clear, knowing, and voluntary agreement to engage in sexual activity. Consent is active, not passive. Silence, in and of itself, cannot be interpreted as consent. Consent can be given by words or actions, as long as those words or actions create clear mutually understandable permission regarding willingness to engage in (and the conditions of) sexual activity.
• Consent to any one form of sexual activity cannot automatically imply consent to any other forms of sexual activity.
• Previous relationships or prior consent cannot imply consent to future sexual acts.
• In order to give consent, one must be of legal age (18).
• Consent can be withdrawn at any time.
• Coercion, force, or the threat of either invalidates consent.
• In some instances, because of a person’s power/authority, or the perception thereof, one individual may not be able to give consent to a given sexual encounter. For example, one individual who supervises another may not be able to obtain consent in an intimate encounter.
because the other person fears she/he might lose her/his job or status if she/he objects to some or all aspects of the encounter. Power and authority may arise from a variety of areas including one’s size, strength, or reputation within the College.

- Sexual activity with someone whom a person should know to be, or based on the circumstances should reasonably have known to be, mentally or physically incapacitated (e.g., by alcohol or other drug use, unconsciousness or blackout) constitutes a violation of this policy.

**Dating violence** is a pattern of behavior in which an individual uses physical violence, coercion, threats, intimidation, isolation or other forms of emotional, sexual, verbal and/or economic abuse to control a current or former intimate partner.

**Domestic violence** is a pattern of behavior in which an individual uses physical violence, coercion, threats, intimidation, isolation or other forms of emotional, sexual, verbal and/or economic abuse to control a current or former intimate partner.

**Incapacitation** is a state where an intellectual or other disability prevents someone from having the capacity to give knowing consent (i.e., to understand the “who, what, when, where, why or how” of their sexual interaction). Incapacity can result from mental disability, sleep deprivation, involuntary physical restraint, or ingestion of rape drugs such as Rohypnol, Ketamine, GHB, or Burundanga.

**Intimidation** is behavior that forces another person into or deters that person from taking action by inducing fear (e.g., bullying).

**Preponderance of evidence** is the standard by which a decision is made as to whether the alleged behavior did or did not occur (more likely than not).

**Respondent** is the person allegedly responsible for the sexual misconduct behavior or action.

**Retaliation** includes intimidation, threats, harassment, and other adverse action threatened or taken against a person who makes a complaint or who cooperates in the investigation of the complaint, including testifying as a witness.

**Sex discrimination** is making a distinction in favor of, or against, a person on the basis of sex, rather than on individual merit, that deprives a person of the ability to participate in or benefit from the college’s education program or activities.

**Sexual assault** is a form of sexual misconduct and includes:

- **Non-consensual sexual contact** is any intentional sexual touching, however slight, with any object or body part, by an individual upon another individual that is without consent and/or by force (or attempts to commit same).
Bethany Lutheran College
Sexual Misconduct Policy

**Non-consensual sexual intercourse** is any sexual intercourse (vaginal, anal, or oral), however slight, with any object or body part, by an individual upon another individual, that is without consent and/or by force (or attempts to commit same).

Sexual exploitation occurs when an individual takes non-consensual or abusive sexual advantage of another for his/her own advantage or benefit, or to benefit or advantage anyone other than the one being exploited, and that behavior does not otherwise constitute one of the other sexual misconduct offenses. Sexual exploitation may include, but is not limited to:

- intentional and repeated invasion of sexual privacy (e.g., walking into the other person’s room or private space)
- prostituting another person
- non-consensual video or audio-recording or electronically broadcasting (e.g., with a web cam) a sexual activity
- intentionally allowing others to view/hear a sexual encounter without consent (such as letting individuals hide in the closet or watch consensual sex)
- engaging in voyeurism
- knowingly transmitting an STI or HIV to another student without his/her knowledge
- exposing ones genitals or breasts in non-consensual circumstances
- inducing another person to expose his/her genitals or breasts
- stalking and/or bullying

**Sexual harassment** is any behavior of a sexual nature that is unwelcome, offensive, or fails to respects the rights and dignity of others, whether directed towards a person of the opposite or same sex. Unwelcome sexual advances, requests for sexual favors, and other physical, verbal, or visual conduct based on sex constitute sexual harassment when:

1) submission to the conduct is made a condition, either explicitly or implicitly, of obtaining employment or education;

2) submission to or rejection of the conduct is used as the basis for an employment or academic decision; and

3) the conduct has the purpose or effect of unreasonably interfering with an individual’s work performance or academic progress or creates an intimidating, hostile, or offensive working or academic environment.

**Hostile environment caused by sexual harassment** is created by a teacher, supervisor, co-worker, or fellow student whose actions, communication, or behavior result in making it impossible for a person to do his/her job or to learn. This means that the behavior altered the terms, conditions, and/or reasonable expectations of a comfortable work or learning environment for employees. Additionally, the behavior, actions or communication must be discriminatory in nature.

Example: A co-worker/fellow student who talks loudly, snaps her/his gum, and leans over a person’s desk when she/he talks with a person is demonstrating inappropriate, rude, obnoxious behavior, but doing so does not create a hostile work/learning environment. On the other hand, a co-worker/fellow student who tells sexually explicit jokes and sends around
images of nude people is guilty of sexual harassment and creating a hostile work/learning environment.

Example: A supervisor who verbally berates a subordinate about his/her age, religion, gender, or race may be guilty of creating a hostile work environment. This is especially true if the employee asked the supervisor to stop and the behavior continues.

Example: A student verbally berates another student about his/her age, religion, gender, or race may be guilty of creating a hostile learning environment. This is especially true if the student asked the other student to stop and the behavior continues.

Stalking, including cyber-stalking, is a course of intentional conduct directed at a specific person that would cause a reasonable person to fear for her, his, or other people’s safety, or to suffer substantial emotional distress.

Title IX Coordinator is the person who oversees the complaint investigation and resolution protocol, documents the findings and decisions, and maintains official records.

Title IX investigators gather evidence; interview the complainant, respondent, and witnesses; and prepare a report of findings.

**TITLE IX RESOURCES**

OPTIONS FOR ASSISTANCE FOLLOWING AN INCIDENT OF SEXUAL ASSAULT

Immediate Assistance
1. Get immediate help.

Go to a safe place and call any of the following:

- 911
- Patti Reagles, Student Counselor (507-304-0464); confidential resource
- Don Moldstad, Chaplain (507-387-5456); confidential resource
- Paulette Tonn Booker, Title IX Coordinator (507-344-7840; after hours call Security at 507-344-7888 and ask them to contact Ms. Booker); may not be able to guarantee confidentiality
- Campus Security (507-344-7888)
  Campus Security will call the Mankato Department of Public Safety in case of an imminent threat to students and/or employees. A law enforcement officer will respond and speak with survivors about their options for making a formal report of the incident.
- SAFELINE (1-800-630-1425)
- CADA, an off-campus victim service agency, for support in cases of sexual assault: 800-477-0466 or 507-625-3966 (24 hours a day/7 days a week)

2. Preserve any evidence found on or in the body. At the very least, the employee or student should consider not immediately taking a shower or washing or destroying the clothes worn at the time of the assault. The employee or student can also seek medical treatment from the organizations noted in #3 below or from their own medical doctor to collect evidence of the sexual assault.

Evidence found in phone records (texting), e-mails, and/or social media (Facebook, Pinterest, etc.) should also be preserved.

The College will assist the employee or student, at the direction of law enforcement authorities, in obtaining, securing, and maintaining evidence in connection with the incident, and in preserving any materials relevant to a College disciplinary proceeding.

CADA, an off-campus victim service agency, can also provide support and assistance in cases of sexual assault: 800-477-0466 or 507-625-3966 (24 hours a day/7 days a week).

3. Seek appropriate medical care as soon as possible for injuries, preventative treatment for
sexually transmitted diseases, and other health services. Treatment can be sought before reporting the assault to the police or to Campus Security. Even if the student or employee does not want to report the incident to the police, or it is has been a while since the assault, he or she may still need and benefit from medical attention.

In addition, the student or employee can request academic or work accommodations and interim measures, even if she/he chooses not to pursue a complaint.

Students can request a transfer to alternative classes or alternative College-owned housing, if these options are available and feasible. Student can also request to withdraw from or retake a class without penalty, as well as request academic support such as tutoring. The College can also change the course schedule and/or living arrangement of the alleged respondent, as needed.

Employees can request a transfer to another position or schedule, if these options are available and feasible.

Counseling: Students can contact the College’s Coordinator of Student Counseling (507-344-7306) for a confidential referral if one is needed; employees may contact the Human Resources office (507-344-7840).
REPORTING POLICIES AND PROTOCOLS

Confidentiality
Students and employees have several formal and alternative options with different levels of confidentiality and privacy for reporting allegations of sexual misconduct. Employees and students are encouraged to ask about a person’s ability to maintain confidentiality and privacy before offering information about alleged incidents.

While some of the College’s reporting resources may be able to maintain confidentiality relative to information shared with the College, they may have reporting or other obligations under state law, such as Clery Act crime statistics, mandatory reporting of child abuse and neglect, imminent harm to self and others, requirements to testify if subpoenaed in criminal case, etc.

Students and employees who, at first, request and are granted confidentiality may later decide to file a complaint with the College or report the incident to local law enforcement and, thus, have the incident fully investigated.

Requesting confidentiality
Employees and students may request confidentiality at the time they report an alleged incident. The person to whom the incident has been originally reported will contact the Title IX coordinator who, along with the director of facilities (head of Campus Security) will evaluate the request based upon several factors including:

- The increased risk that the alleged respondent will commit additional acts of sexual or other violence, such as:
  - whether there have been other sexual violence complaints about the same alleged respondent;
  - whether the alleged respondent has a history of arrests or records from a prior school indicating a history of violence;
  - whether the alleged respondent threatened further sexual violence or other violence against the complainant or others;
  - whether the sexual violence was committed by multiple respondents;
- whether the sexual violence was perpetrated with a weapon;
- whether the complainant is a minor;
- whether the College possesses other means to obtain relevant evidence of the sexual violence (e.g., security cameras or personnel, physical evidence);
- whether the complainant’s report reveals a pattern of perpetration (e.g., via illicit use of drugs or alcohol) at a given location or by a particular group.

The presence of one or more of these factors could lead the College to investigate and, if appropriate, pursue disciplinary action. If none of these factors are present, the College will likely respect the complainant’s request for confidentiality and will take immediate action as necessary to protect and assist the complainant.
Bethany Lutheran College
Sexual Misconduct Policy

There may be times when, in order to provide a safe, non-discriminatory environment for all students and employees, the College may not be able to honor a complainant’s request for confidentiality.

If the College determines that it cannot maintain a victim’s confidentiality, the College will inform the complainant prior to starting an investigation and will, to the extent possible, only share information with individuals involved in the College’s investigation and resolution protocol. The complainant can choose not to participate in any investigation or disciplinary proceeding, without repercussion.

The College will remain mindful of the complainant’s well-being, and will take on-going steps to protect the victim from retaliation or harm and work with the victim to create a safety plan. Retaliation against the complainant, whether by students or College employees, will not be tolerated. The College will also:

- assist the complainant in accessing other available victim advocacy, academic support, counseling, disability, health or mental health services, and legal assistance both on and off campus;
- provide other security and support, which could include assisting them in seeking a restraining, protective, or judicial no-contact order, helping arrange a change of living or working arrangements or course schedules (including for the alleged respondent pending the outcome of an investigation) or adjustments for assignments or tests; and
- inform the complainant of the right to report a crime to campus or local law enforcement, and provide the complainant with assistance if the victim wishes to do so.

If the College determines that it can respect a complainant’s request for confidentiality, the College will take immediate action as necessary to protect and assist the complainant. Employees and students must understand that if they request, and are granted confidentiality, the College may be unable to conduct an investigation into the particular incident or to pursue disciplinary action against the alleged respondent. However, if the College determines that the alleged respondent(s) poses a serious and immediate threat to the College community, Campus Security may be called upon to issue a timely warning to the community which will not include any information that identifies the complainant. The College may also take steps to limit the effects of the alleged sexual misconduct and prevent its recurrence without initiating formal action against the alleged respondent or revealing the identity of the complainant.

Reports of sexual violence, including non-identifying reports, will prompt the college to consider broader remedial action such as increased monitoring, supervision, or security at locations where the reported sexual violence occurred; increased education and prevention efforts; and/or revisiting policies and practices.

Documentation concerning the investigation of the incident will be kept confidential and will not become part of the student conduct or employee official personnel record but will, instead, be kept in a separate, secure location. Documentation of any disciplinary action taken or sanctions imposed will become part of student conduct record or employee official personnel record.

Sexual Misconduct Policy

Reporting Options
As noted above under confidentiality, students and employees have several formal and alternative options for reporting allegations of sexual misconduct. Employees and students are encouraged to ask about a person’s ability to maintain confidentiality and privacy before offering any information about alleged incidents.

Students and employees have the option to notify or to decline to notify either Campus Security or local police. Reporting to the police department is not necessary for the College to proceed with its investigation.

Formal Reporting Options
Action will be taken if a report is filed with any of the entities listed below.

- Report the incident to any responsible employee listed in the Title IX Directory at the end of this document.

  These employees can offer assistance, call 911 and Campus Security (507-344-7888) if needed, and report the incident, including personally identifying details, to the Title IX Coordinator.

  To the extent possible, information reported to a responsible employee will be shared only with people responsible for handling the College’s response to the report. A responsible employee will not share information with law enforcement without the complainant’s consent or unless the complainant has also reported the incident to law enforcement.

  The College will take immediate action as necessary to protect and assist the complainant. Employees and students must understand that if they request, and are granted confidentiality, the College may be unable to conduct an investigation into the particular incident or to pursue disciplinary action against the alleged perpetrator. However, if the College determines that the alleged respondent(s) poses a serious and immediate threat to the College community, Campus Security may be called upon to issue a timely warning to the community which will not include any information that identifies the complainant.

  Reported incidents will be recorded in the Clery Act crime statistics, without personally identifying details. Campus Security Authorities (see Title IX Directory for list) are responsible for reporting allegations of Clery Act crimes that have been brought to their attention and that they conclude were made in good faith. Alleged crimes must be reported regardless of whether the victim chooses to file a report with law enforcement or to press charges.

- File a formal complaint with the Title IX Coordinator: Paulette Tonn Booker, 217 Old Main; 507-344-7840; ptbooker@blc.edu. The Title IX Coordinator will assess the safety of the complainant and the campus, provide resources and information to the complainant, and initiate the investigation process.

Sexual Misconduct Policy

- File criminal charges with the Mankato Police Department as soon as possible. Designated staff members (e.g., director of facilities or residential life staff) will also accompany the complainant to the police station upon request.

Informal Reporting Resources
**Action may or may not be taken** if a report is filed with the following:
- **Confidential** resources generally would share information only if there was imminent risk to the employee, student, or others. However, these resources may have reporting or other obligations under state law, such as Clery Act crime statistics, mandatory reporting of child abuse and neglect, etc. Positions in this category are the Coordinator of Student Counseling and the Chaplain (see Title IX Directory for contact information).

- **OCR**: Individuals with complaints of sexual misconduct who do not feel the College is addressing the charge of discrimination have the right to file a formal complaint with the United States Department of Education, Office for Civil Rights (OCR). The person filing the complaint need not be a complainant of the alleged sexual misconduct, but may complain on behalf of another person. More information can be found about filing a complaint at [http://www2.ed.gov/about/offices/list/ocr/complaints-how.html](http://www2.ed.gov/about/offices/list/ocr/complaints-how.html).

**Retaliation**
The College will not tolerate any form of retaliation, either on-campus or off-campus, by any employee or student against any employee or student who reports an incident of sexual misconduct or who provides information during an investigation. Employees or students who engage in retaliatory behavior are subject to discipline, up to and including termination of employment or expulsion from the College. Employees and students who feel they are being retaliated against should immediately contact the Title IX Coordinator (507-344-7840).

**Immunity**
The College encourages the reporting of incidents of sexual misconduct. At times complainants or witnesses are hesitant to report to College officials or to participate in grievance processes because they fear that they themselves may be accused of policy violations, such as underage drinking, at the time of the incident. It is in the best interests of the Bethany community that incidents are reported to College officials. Therefore, the College may offer immunity from policy violations related to the reported incident to complainants and witnesses who are students. While serious violations cannot be overlooked, the College reserves the right to waive lesser charges (e.g., violations of the alcohol policy) in cases that involve sexual misconduct.

**Preserving Evidence**
In cases of alleged sexual assault, preserving evidence found on or in the body is vitally important for a fair and impartial investigation and resolution process. At the very least, the employee or student should consider not immediately taking a shower or washing or destroying the clothes worn at the time of the assault. The employee or student can seek medical treatment from the organizations noted below or from their own medical doctor to collect evidence of the sexual assault.

INVESTIGATION AND RESOLUTION
The College will use the protocol outlined below to investigate and resolve, in a prompt, fair, and impartial process, all allegations of misconduct brought to the Title IX Coordinator. The College reserves the right to adjust the protocol as dictated by the circumstances.

The College’s Title IX coordinator oversees the handling of all Title IX reports and complaints of sexual misconduct. The Coordinator is also responsible for identifying and addressing any patterns or systemic problems that arise during the review of such complaints.

217 Old Main
ptbooker@blc.edu
Office: 507-344-7840
Emergencies: 507-344-7888 (ask Security to contact Ms. Booker)

In addition to the Title IX Coordinator, the College has identified employees whose responsibilities include reporting, investigating, adjudicating, and providing counseling and support services. See Title IX Directory at the end of this document for contact information.

Conflict of Interest
Students and employees who wish to raise an issue regarding a potential conflict of interest with the investigators and/or adjudicators responsible for resolving the complaint should submit the concern in writing to the Title IX Coordinator at the time that the investigators and adjudicators are identified. If the conflict of interest is deemed valid, the College will appoint another adjudicator to resolve the complaint.
Bethany Lutheran College
Sexual Misconduct Policy

Retaliation
The College will not tolerate any form of retaliation, either on-campus or off-campus, by any employee or student against any employee or student who reports an incident of sexual misconduct or who provides information during an investigation. Employees or students who engage in retaliatory behavior are subject to discipline, up to and including termination of employment or expulsion from the College. Employees and students who feel they are being retaliated against should immediately contact the Title IX Coordinator (507-344-7840).

Investigation Protocol
All allegations of sexual misconduct brought to the attention of the Title IX Coordinator will be investigated and resolved within a 60-day period once the formal complaint is submitted, using the protocol outlined below, unless the complainant requests and is granted confidentiality.

Employees and students must understand that if they request, and are granted, confidentiality, the College may be unable to conduct an investigation into the particular incident or to pursue disciplinary action against the alleged respondent. However, if the College determines that the alleged respondent(s) poses a serious and immediate threat to the College community, Campus Security may be called upon to issue a timely warning to the community which will not include any information that identifies the victim. The College may also take steps to limit the effects of the alleged sexual misconduct and prevent its recurrence without initiating formal action against the alleged respondent or revealing the identity of the complainant.

The College reserves the right to adjust the time period as dictated by circumstances, and will notify the complainant and respondent simultaneously in writing. For example, if the complainant, respondent, or witnesses are not available to be interviewed, the investigation’s time line may have to be adjusted.

In the case of a police investigation, and upon request by the police department, the College may temporarily delay its investigation until the police have finished gathering evidence, with the understanding that the College will proceed with its own investigation apart from any police investigation or court proceedings.

The purpose of the investigation will be to gather facts that the adjudicator(s) will use to determine whether the College’s sexual misconduct policy was violated.

During the investigation and resolution stages of the complaint process, the College will, in cooperation with law enforcement authorities, shield the employee or student from unwanted contact with the alleged respondent by assisting them in seeking a restraining, protective, or judicial no-contact order when requested. In addition, the student or employee can request interim measures, even if she/he chooses not to pursue a complaint. See Assistance Following an Incident of Sexual Assault for additional information.
The Title IX Coordinator will, upon receipt of a complaint:

- assess the immediate safety and well-being for the complainant and the campus, in consultation with appropriate campus officials
- notify the complainant of her/his rights to contact (or not to contact) law enforcement and to seek medical treatment
- notify the complainant of the importance of preserving evidence
- identify resources available to the complainant
- offer accommodations/interim measures
- discuss complaint resolution options (informal; formal with full investigation); mediation is not appropriate for complaints of sexual assault
- initiate investigation process

The investigator(s) will:

- maintain confidentiality to the extent possible under the parameters of the sexual misconduct policy
- conduct interviews, gather and review available evidence
- prepare a fact-finding report for the adjudicator(s)

**Resolution Protocol**

The Title IX Coordinator will consult with College administration to identify appropriate adjudicators whose responsibility will be to determine whether the sexual misconduct policy was violated and to assign relevant sanctions and/or remedies. To avoid potential conflicts of interest, more than one adjudicator may be identified.

In general, the Dean of Student Services will serve as the primary adjudicator in resolving student-student complaints. The Dean reserves the right to appoint a review panel to assist in the decision-making and sanctions process.

In cases of student-employee and employee-employee complaints, a vice president will serve as the primary adjudicator, again reserving the right to appoint a review panel. In cases where a vice president is named as a respondent or as a witness in a complaint, the president serves as the adjudicator. If the president is named as a respondent or as a witness, the matter will be referred to the Board of Regents for resolution.

Adjudicator(s) will use the *preponderance of evidence* standard (more likely than not...) in reviewing the evidence and investigator report to determine whether the College’s sexual misconduct policy was violated and what sanctions will be imposed. The adjudicator may request that the investigator(s) collect additional information as needed.

Upon final decision and sanction determination, if any, the adjudicator will notify the complainant and respondent simultaneously in writing of the outcome, any relevant sanctions and/or remedies, and the appeal process.
Bethany Lutheran College
Sexual Misconduct Policy

The College will not require the complainant or respondent to abide by a non-disclosure agreement, in writing or otherwise, that would prevent the re-disclosure of information related to the outcome of the proceeding.

Possible results of adjudication process
Sanctions
Employees: oral or written warnings, probationary status, suspension, demotion, and termination, mandatory counseling or training

Students: oral or written warning or reprimand, probation, required compliance with a sanctioning directive, restriction of privileges, housing suspension or expulsion, academic suspension or expulsion, mandatory counseling or training (see Student Guidebook for additional possible sanctions)

Remedies, accommodations, protective measures for complainant
To the extent possible, the College will take appropriate, reasonable steps to protect the safety and well-being of the complainant, including but not limited to:
• separation from respondent (changes in work schedules, course schedules and/or living arrangements)
• academic support services (tutoring/accommodations)
• course withdrawal or retake without penalty
• counseling services

Additional remedies for the college community
The College will undertake, to the extent possible, additional remedies as dictated by the circumstances, such as increased training to prevent sexual misconduct; additional written education materials (policies and resources); review campus security relative to monitoring, supervision, or security at locations where the reported sexual violence occurred; and/or revisiting other policies and practices.

Appeal
The complainant and respondent have the right to appeal the adjudicator’s decision, with the exception of the president of the college serving as the adjudicator, in which case no appeal is granted. Grounds for an appeal include presentation of new evidence, concerns about procedural errors and/or an unfair investigation, or concerns about the severity of the sanction(s).

The written appeal, including the basis for the appeal, must be submitted to the Title IX Coordinator within 5 business days (employees) or 5 class days (students) after the complainant and respondent are notified of the adjudicator’s decision. If the notification occurs during the last 5 class days of the academic year, a 5 business-day timeframe will be used.

A copy of the appeal will be delivered to the complainant or respondent, as appropriate, who will be given an opportunity to respond in writing and to provide additional evidence. Upon receipt of the response, the Title IX Coordinator will forward the appeal and response to an
appropriate decision-maker (vice president or the president) who will review the file. The decision maker may elect to appoint an Advisory Committee that would review the original findings and recommendations and submit its findings and/or recommendations in writing to the decision-maker in a timely manner. At the discretion of the decision-maker and/or the request of the Advisory Committee, the Title IX Coordinator may be asked to provide additional information.

Upon review of the file and Advisory Committee findings/recommendations (if such committee is appointed), the decision-maker will render a decision and notify the complainant and respondent simultaneously in writing in a timely manner. The decision-maker will also give a copy of the notification to the Title IX Coordinator for placement in the official records.

The appeal decision shall be final.

PREVENTION AND EDUCATION
The College’s prevention programming and educational activities include but are not limited to the following:
1. 360° Stay Safe video series (employees, freshmen, transfers, post-secondary option students; annual) to promote awareness of personal safety, domestic and sexual violence, and stalking
2. Bystander intervention (employees and students; annual)
3. PAMA speaker series (students and employees; academic year)
4. Presentation focusing on the College’s sexual misconduct policy, including attention to definitions of sexual misconduct and consent
5. Support and reporting resources

TRAINING
The college undertakes the following annual training:
1. Bystander intervention and advocacy (responsible employees; review training manual)
2. Residential life staff training (video, training manual)
3. Investigation protocol (Title IX coordinator and director of facilities; review training manual)
4. Adjudication protocol (dean of students, vice president of academic affairs, Title IX coordinator; review training manual)
5. Reporting protocol (responsible employees and Campus Security Authorities; review training manual)
